

# Looking beyond COPD

**If you or a loved one has Chronic Obstructive Pulmonary Disease (COPD), you may be interested in this clinical research study.**

This study is testing the benefits of an investigational drug in reducing lung and heart complications in people with COPD.

Individuals may qualify for this study if they:

- **Have a diagnosis of moderate COPD (sometimes called emphysema or chronic bronchitis)**
- **Have a history or risk of heart disease**
- **Are 40 to 80 years of age**
- **Are a former or current cigarette smoker**

Participation will also depend on other requirements.

Study participants may receive study drug and study-related medical care at no charge. Reimbursement for time and travel may be provided. Health insurance is not necessary to participate.
